Formed in 2006, B/S is just five AC/DC fans committed to preserving the legacy that is Bon Scott! Bon has always been regarded as one of the greatest front men in Rock and Roll, and B/S strives to take the audience back to 1979, when Bon was in his prime, and loud raunchy guitars ruled the stage. Since the bands inception, they have played for tens of thousands of fans, in dozens of cities across the Southwestern United States and California.

Some highlights include:

- A debut show in front of 1100 people performing with the Atomic Punks at the Marquee Theater in Tempe, May 2007
- Opening for Kansas at the Westgate City Center at Jobing.com arena, October 2007
- Warming up the enormous crowd waiting to see the Van Halen reunion show at Jobing.com arena, November 2007
- Headlining the "Legends" stage at the Tempe Town Lake New Years Eve block Party, December 2007
- Headlining the AZ Bike Week Kick- off Party, March 2008 and March 2011
- July 2008 saw the realization of a major goal of the band, headlining the Marquee Theater. Since that time they have been invited back to headline the Marquee repeatedly. It is the only Phoenix, East Valley venue that can accommodate local B/S fans.
- Selling out the New Years Eve show, Inyo County Fairgrounds, Bishop , CA, December 2008
